

Stereo decoders and Noise supPression circuits

Type number

Description

TDA1001B; TDA1001BT

Interference and noise supPression circuit for FM receivers

TDA1591

PLL stereo decoder and noise blanker; interference suppression

TDA1592

PLL stereo decoder and noise blanker

TDA7040T

Low voltage PLL stereo decoder

TEA5581; TEA5581T

PLL stereo decoder; source selector switch; medium-fi and car radios

TEA5762

Self tuned AM/FM radio receiver with stereo decoder for CELNEC applications

TEA5711; TEA5711T

AM/FM stereo radio circuit

TEA5712; TEA5712T

AM/FM stereo DTS radio circuit

TEA5757; TEA5759

Self tuned AM/FM radio receiver with stereo decoder for Japanese band
