NOTES:
*1. Customer supplies Chaos Net coaxial cable (cost about $1.30 per foot).
2. Purchases for delivery inside California add 6% sales tax.
3. Hardware is supplied with 2 days on site installation assistance (travel and expenses will be charged separately).
4. Additional installation effort and hardware maintenance billed at $50 per hour plus expenses.
5. First OS-A software package includes one set of software notebooks, a license to use the operating system software on one machine, a one year software update service and 5 days consulting (travel and expenses will be charged separately).
6. Succeeding OS-B Operating System packages include the current software, a license to use that software on a single machine, one set of software notebooks and a one year software update service. No consulting service is provided under the OS-B license.
7. Software assistance will be billed at $55 per hour plus expenses.
8. Step discounts are available for quantity purchases. The quantity discount price of each item is determined by the quantity of that item ordered within the preceding 12 calendar months. For example, item one of a 10 item order for a class 1 product would have no discount and item 10 of the same order would be reduced 21% in price if ordered within 12 months of the first unit.

Class 1 products are discounted as follows:

Shipment No.	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
